## A SIMPLE TIRE REPAIR.

Punctures in the well known Morgan & Wright tire are mended about as easily as a man would close a hole in his finger with a bit of court plaster. Inside of the inner tube of the tire lies a long strip of patching rubber, like this:

By injecting M. & W. quick-repair cement through the puncture into this inner tube, and then pressing down on the tire with the thumb, like this,

the repair strip inside is picked up by the cement, thus closing the puncture, like this:

Very simple, but - now every rider should remember these two "buts," or he will fail:

Before injecting cement, pump up the tire. If you don't, the inner tube will be flabby, like this,

and the cement will not get inside of

it, where the repair strip lies. When you have a puncture, get right off. Riding a tire flat, when it has a tack or nail in it, may damage it con-

Owosso, Mich., May 17. 1897.

To the Hon. Mayor, Common Council and Hoard of Public Works of the City of Owosso, Mich. We desire to put into our factory a system of sprinklers for fire protection and now have an engineer figuring on same. He informs us he must have a six-inch water pipe from main pipe on Main street, and along the line of Chipman street to take the place of the 4-in pipe now in use; otherwise he cannot give us a perfect system and one that will be acceptable to the insurance companies. As we shall have to make quite a large investment to put in this system we ask that you change this 4-in pipe to 6-in pipe, the distance from Main street and along Chipman street, to the present hydrant, and point at which we would want to tap the 6-in pipe is about 325 feet. As the engineer is now making his figures for the basis of cost to us for this equipment, we ask that you advise with us with as little delay as possible as to what we may expect, as we do not want to go on and complete plans if change cannot be made, as the expense for plans alone is quite a considerable. Furthermore we are anxious that the matter be decided without delay, as the duil season in our business will soon be at hand and it is our intention to get at this work and complete it while we are not busy manufacturing goods.

New York, May 18 .- A man supposed New York, May 18.—A man supposed to be J. G. The man, who was about 60 years old and dressed in a dark business suit, went to the bath at 5:25 o'clock and registered as J. G. Bergen. He remarked to the clerk that he had a cold and feared pregunnia. When had a cold and feared pneumonia. When the attendant began to rub him he placed his hand over his heart, and began to breathe heavily. A physician was summoned, but before he arrived the man was dead. ### WILL MEET IN DETROIT.

# Iron and Steel Workers to Seek Ad-

vance in Wages.
Detroit, Mich., May 18.—Some 150 delegates, representing upwards of 50,000 iron and steel workers, will assemble here to-day in the annual convention of the Amalgamated Association of Iron and Steel Workers. The convention will be at work several days arranging the wage schedule, the basis being the report completed by the wage committee in Pittsburgh last week. It seems certain that a material advance over present rates will be adopted and sub mitted to the mill owners. The tin plate workers' schedule will probably be fixed at the same rates in force under the McKinley law, an advance of about 15 per cent. from the present rates. The uncertainty of the tariff situation, it is believed, may complicate the consideration of wage schedules somewhat.

### POUGH'S BODY FOUND.

Murderer of Farmer Harris Near Milwankee Committed Suicide. Milwaukee, May 18.—The body of William Pautz Pouch, who murdered Farmer Harris and wounded Mrs. Harris, Makhold, his hired man and Miss Vesbach, a domestic at the Harris home near Mukwanago, a week ago, was taken from Hales pond at Prospect Hill. The body was easily identified, al-though it was badly bloated. There was a bullet hole in the neck. Pouch evidently waded into the pond and shot himself. His bicycle irons which he took from his legs when he abandoned his wheel were found in his pocket.
